"We strive for the highest level of Customer Satisfaction and Quality in our Products and Services"

R. Chandrasekaran
Managing Director

We at R C Golden Granites Pvt Ltd from Chennai, began our journey in 2004 and today are amongst the top five Granite Export Companies in India, producing enchanting pieces of granite monuments, as per international customers' requirements. Our large production unit near Chennai is famous for our techniques of carving, sandblasting, sculpting and hand etching of natural granite monuments and customized designs.

The Managing Director of RCGG, Mr. R.Chandrasekaran, who is affectionately referred to as 'Sekar' by his international patrons is an able administrator with a strong professional background. He has travelled world-wide and has vast hands-on experience in the granite monument export business for over 30 years. He possesses deep knowledge in the granite monument production business and his worldwide contact with the granite monument buyers is an added advantage to our global business expansion.

Today, RCGG is enjoying a satisfied customer base around the world. With a view to expanding the horizon of our business, we have been ardently applying our mind on key business values that will draw the attention of global buyers for our products. We are confident that with our rich experience, superior craftsmanship, excellent service and competitive pricing, you will find our team at RCGG as your sincere and stable business partner for a long time.

OUR INFRA-STRUCTURE

We were established in 2004 with an employee strength of 34, catering to one market. Today we are a team of 250, catering to the US and most of the countries in the European Union.

We are Technologically far ahead of the industry standards and have used the recent developments in IT to our advantage. Our clients will be able to virtually monitor their order movement and therefore are well informed about their order status.

— Our Factory is situated just 50kms from the State Capital Chennai, One of the biggest port cities in India.

— Getting the right Stock is often a major challenge in the Industry. But our USP is that we maintain huge quantity of multiple variety stocks at our factory at any given point. Thus , reducing the lead time.

— In order to eliminate environmental pollution, cut overhead cost and improve the efficiency of the manufacturing unit, we have an In house, state of the art water filtration unit. It was set up by the world renown, 'Fraccaroli and Balzan', from Italy. We currently re-use 80% of our water consumption for cutting purposes.

ONE OF OUR MASTERPIECE..

As a tribute from all the MJ fans across the world, the team of craftsmen in RC Golden Granites factory, hand sculpted a full size Michael Jackson Statue in his signature dance move from a SINGLE BLACK GRANITE ROCK
